

**GLOSSARY OF TERMS**

<b>“Anyone. Anytime.”</b>	New Hampshire statewide educational program for the public and professionals about addiction, emergency overdose medication, and support services for individuals with opioid addiction.
<b>“At-risk”</b>	Populations for which the probability of developing a behavioral health or substance use disorder may be higher due to factors such as race, ethnicity, geographical location, or cultural or institutional barriers.
<b>ACA</b>	(Affordable Care Act) A comprehensive health care reform law enacted in March 2010 (sometimes known as PPACA or "Obamacare"). The law has three primary goals. 1) Make affordable health insurance available to more people. 2) Expand the Medicaid program to cover all adults with income below 138% of the federal poverty level. 3) Support innovative medical care delivery methods designed to lower the costs of health care generally.
<b>Administrative Lead</b>	<p>The coordinating entity acting as the single point of accountability to the Department of Health and Human Services on behalf of the IDN’s partner organizations. The Administrative Lead is fully responsible for any and all obligations and liabilities which include: serving as the coordinating entity for the IDN partners in planning and implementing projects, receiving and distributing funds to IDN partners, collaborating with partners in IDN leadership and oversight; leading data and reporting responsibilities, and complying with all state and CMS reporting requirements.</p> <p>As part of the Project Plan, the Administrative Lead Agency has identified key management for the IDN: Executive Director, Medical Director, and Financial Director. These three key management roles are responsible for ensuring compliance with all requirements of the contract and STC’s on behalf of the Administrative Lead Agency.</p>
<b>Alcohol and Other Drug Use Professionals</b>	Individuals certified or licensed by the board of licensing for alcohol and other drug use professionals to provide support and counseling services to individuals affected by alcohol and other drug use.
<b>CCSA</b>	(Comprehensive Core Standardized Assessment) The CCSA is a standardized screening/assessment process that incorporates the domain areas outlined within the STC’s, supported by the development of protocols and training of all PCP and BH provider partners.
<b>CMHC</b>	(Community Mental Health Center) – Provider of comprehensive mental health services, offering inpatient, outpatient, 24-hour emergency, case management, home-based, school, and community-based services.
<b>CMS</b>	(Centers for Medicare and Medicaid Services) – Federal agency established in 1965 to administer Medicaid, Medicare, the State Children’s Health Insurance Program, and health insurance portability standards.
<b>CMT</b>	(Collective Medical Technologies) A Utah-based company that has been contracted to implement event notification and/or a shared care plan system for some IDN providers.
<b>COD</b>	(Co-occurring Disorders) – Condition where affected individuals have co-existing mental illness and substance-use disorders.
<b>CPS</b>	(Certified Prevention Specialist) – Substance use prevention practitioner certified by the New Hampshire Prevention Certification Board as having met competency standards established by the International Certification and Reciprocity Consortium (IC&RC).
<b>CRSW</b>	(Certified Recovery Support Worker) – An individual certified by the LADC board to provide recovery support to persons with substance use disorders. For more information regarding the scope of practice and eligibility criteria, please refer to RSA 330-C:13 and RSA 330-C:19, respectively.
<b>CTI</b>	(Critical Time Intervention) – An intensive 9-month case management model designed to assist adults with serious mental illness who are going through critical transitions and have functional impairments which preclude them from managing their transitional needs adequately.

**GLOSSARY OF TERMS**

<b>DSRIP</b>	(Delivery System Reform Incentive Payment) Program – 1115 Medicaid waiver demonstration program that aims to deliver integrated physical and behavioral health care that better addresses the full range of beneficiaries’ needs, expand provider capacity to address emerging and ongoing behavioral health needs in an appropriate setting, and reduce gaps in care during transitions across care settings through improved care coordination.
<b>EHR</b>	(Electronic Health Record) – An electronic version of a patient’s medical history that is maintained by the provider over time, and may include all of the key administrative clinical data relevant to that person’s care under a particular provider. The EHR automates access to information and has the potential to streamline the clinician’s workflow.
<b>FQHC</b>	(Federally Qualified Health Center) – Government-supported community health center that provides primary care, specialty care, dental, mental health and support services in medically underserved urban and rural communities.
<b>HCBS</b>	(Home & Community Based Services) – Programs providing Medicaid beneficiaries services in their own homes and communities.
<b>Health Concerns</b>	A patient, caregiver, or provider-defined interest or worry about a patient that could possibly require attention, intervention, or management. (e.g. Homelessness, food insecurity, domestic violence)
<b>HIT</b>	(Health Information Technology) – Broad concept that encompasses an array of technologies to store, share, and analyze health information.
<b>HRSA</b>	(Health Resources and Services Administration) – Primary federal agency for improving health care to people who are geographically isolated, economically or medically vulnerable.
<b>IDDT</b>	(Integrated Dual Disorder Treatment) An evidence-based practice model that improves quality of life for people with co-occurring severe mental illness and substance use disorders by combining substance use services with mental health services.
<b>IDN</b>	(Integrated Delivery Network) – IDNs are groups of regional providers that form partnerships and collaborate on the implementation of a defined set of projects for beneficiaries served in a specified geographic region. IDNs include medical, behavioral, SUD, and social services providers.
<b>IEP</b>	(Integration Enhancement Plan) A plan developed to support a facility's movement along the integrated care continuum.
<b>Implementation Plan</b>	IDN-specific plan that includes required activities, timelines, key milestones, progress assessment check points, evaluation metrics, and project budgets.
<b>LADC</b>	(Licensed Alcohol and Drug Counselor) – An individual licensed by the LADC board to practice substance use counseling. The scope of practice is the screening, assessment, diagnosis, treatment planning, and treatment of substance use disorders and the screening and referral of mental health disorders under clinical supervision. For more information regarding scope of practice and eligibility criteria, please refer to RSA 330-C:11 and RSA 330-C:17, respectively.
<b>LCS</b>	(Licensed Clinical Supervisor) – An individual licensed by the LADC board to practice and supervise substance use counseling. The scope of practice is based on knowledge in the core functions and performance domains to supervise alcohol and drug counselors, including administrative, evaluative, clinical, and supportive oversight of the practice of alcohol and drug counselors. For more information regarding scope of practice and eligibility criteria, please refer to RSA 330-C:12 and RSA 330-C:18, respectively.
<b>MAeHC</b>	(Massachusetts eHealth Collaborative) A non-profit entity registered in the Commonwealth of Massachusetts that has been contracted to collect, calculate and report on ten DSRIP measures on behalf of the IDNs.
<b>MAT</b>	(Medication-Assisted Treatment) – Treatment modality utilizing behavioral therapy and medications to treat substance use disorders.

**GLOSSARY OF TERMS**

<b>MCO</b>	(Managed Care Organization) – Health care delivery system that combines the functions of health insurance, delivery of care, and administration to provide a wide range of coordinated health services.
<b>MHPAEA</b>	(Mental Health Parity and Addiction Equity Act) – Federal law prohibiting discriminatory practices that limit insurance coverage for behavioral health treatment and services.
<b>MLADC</b>	(Master Licensed Alcohol and Drug Counselor) – An individual licensed by the LADC board to practice substance use and co-occurring disorder counseling. The scope of practice is the screening, assessment, diagnosis, treatment planning, and treatment of substance use disorders and co-occurring disorders only within the context of addressing substance use disorders. For more information regarding scope of practice and eligibility criteria, please refer to RSA 330-C:10 and RSA 330-C:16, respectively.
<b>MMWD</b>	(Medically Monitored Withdrawal Management) – Services delivered by addiction treatment and mental health personnel provided in an outpatient or residential setting.
<b>NHHPP</b>	(New Hampshire Health Protection Program) – Medicaid funded health care program that expands coverage to low-income New Hampshire residents.
<b>OTP</b>	(Opioid Treatment Program) – Treatment program certified by the Substance Abuse and Mental Health Services Administration (SAMHSA) to provide supervised assessment and medication-assisted treatment for patients who are opioid addicted.
<b>Patient Goals</b>	A patient-defined outcome or condition to be achieved in the process of care. (e.g., alleviation of health concerns, desired/ intended positive outcomes from interventions, longevity, function, system management, comfort, wellness, stability)
<b>PCP</b>	(Primary Care Provider) – Physician, nurse practitioner, clinical nurse specialist or physician assistant, as allowed under state law, who provides, coordinates or helps a patient access a range of health care services.
<b>PDMP</b>	(Prescription Drug Monitoring Program) – A web-based program that facilitates the collection, analysis, and reporting of information on the prescribing, dispensing, and use of controlled substances.
<b>Project Plan</b>	Plan for investment in technology, tools, stakeholder engagement, and human resources that will allow IDNs to build capacity to serve target populations and pursue IDN project goals in accordance with community-based priorities; the plan serves as a blueprint of the work that an IDN intends to undertake, and will explain how its work responds to community-specific needs and furthers the objectives of the demonstration, and provide details on its composition and governance structure.
<b>RHC</b>	(Rural Health Clinic) – Federally certified health clinic that qualifies for special Medicare and Medicaid reimbursement for primary care services provided to beneficiaries in rural areas designated as a shortage area.
<b>SAMHSA</b>	(Substance Abuse and Mental Health Services Administration) – Branch of the U.S. Department of Health and Human Services responsible for improving the quality and availability of treatment and rehabilitative services to reduce illness, death, disability, and the cost to society resulting from substance abuse and mental illnesses.
<b>SBIRT</b>	(Screening, Brief Intervention, and Referral to Treatment) – Evidence-based best practice used to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs.
<b>SCP</b>	(Shared Care Plan) A patient-centered health record designed to facilitate communication and sharing data among members of the care team, including the patient. A shared plan of care combines physical and behavioral health aspects to encourage a team approach to care.
<b>SED</b>	(Serious Emotional Disturbances) – Mental, emotional, or behavioral problems that severely disrupt a person’s ability to function socially and emotionally.

**GLOSSARY OF TERMS**
